

# Dynamic Big Single 4-Stroke Power

Head for the open country on Honda's biggest single to enjoy the full performance and handling designed into this big thumper dirt bike. The booming exhaust as the 4-valve overhead cam 4-stroke revs up to 30 bhp at 7,000 rpm and the bite of the fat 4.00-18 rear tyre can't be matched. Full lights and road equipment are fitted on this dual purpose machine. Magnesium and aluminium alloy engine with efficient roof-type combustion chamber, 5-speed gearbox, two cable carb with motorcycling's first air cut valve to prevent backfiring, upswept exhaust, pipe frame and famed Honda reliability, too.

Always wear a helmet  
and observe all traffic rules for safe riding fun.
